Design notes for mobile/tablet optimized docs

- Paragraph text size 26pt
- **Header text size 30-36pt**
- 0.25” margins
- To create a single long scrolling page, use word (22” max) or powerpoint and export to PDF.
 - For multiple page documents the “alert” value will reset for each page.
 - ie. if it is set to 1 minute, donor360 will require the user to stay 1 minute on EACH page of the document
